NOTE FOR COLONEL TERHUNE

The following must be solved:

a. Program for super RTV.

b. Immediate satellite effort using THOR and the third stage VANGUARD. Conflict between this and the super RTV.

c. What is Colonel Nunnziato doing?

d. What is our recommended program which we will present ARDC during the week of the 2nd in regard to the Air Force satellite effort.

e. Do we or do we not wish to establish a solid weapon system office?

The above are rather curtly stated but nonetheless you and General Ritland must take time out to make decisions. In addition to the above, we must pin down this presentation for Anderson which is now scheduled for 10 December. More specifically, shall we proceed in the awarding of contracts for studies, etc., based upon our follow-on effort?
